About This Game

Diving Trunks is a casual dodging/shoot 'em up style game featuring a seafaring elephant who has dropped his peanuts overboard.

It is your task to help 'Trunks' dive down into the deep ocean to retrieve as many peanuts as possible, all whilst gulping air bubbles to stay alive and avoiding unkindly marine life.

Features crisp, cartoony graphics and original music. A wide variety of enemies ensure infinite replayability. Dodge smaller marine creatures then battle colossal sea monsters by shooting peanuts from your trunk! Recommended for all ages.

GAME MODES

- **Endless:** Collect peanuts and survive for as long as you can. Encounter Boss Monsters with randomised features - prepare for anything from a simple battle to a total onslaught.
- **Challenge:** Collect a set number of peanuts before reaching the sea floor. Mysteries of the deep are waiting to be unlocked. Each playthrough is completely different - no two attempts are the same.
- **Hunger:** Prevent rapid starvation by frequently munching peanuts.
- **Numbers:** Gulp numbered bubbles in the correct sequence; wrong numbers reduce your air supply.
- **Fetch:** Collect a target star bubble and return it to the base; air granted only upon return.

-
- **Haste:** Forward velocity is constant; steer clear of danger, if you can.
 - **Patterns:** Marine creatures swim in geometric patterns; navigate through gaps in the shapes.
 - **Slalom:** Swim through a series of gates; a wrong or missed gate earns one of three strikes.
 - **Panic:** Avoid a fatal panic attack by staying clear of certain creatures.

BOSS FIGHTS

Battle relentless sea monsters whose size and defenses are randomly-generated - who knows what you'll encounter in the depths.
Use the peanuts you've collected as ammunition to defeat these deep-sea behemoths.

POWER-UPS

Collect and use various special abilities to assist Trunks:

- **Bubble Shield:** Deploys a protective bubble around Trunks at the expense of his air supply.
- **Boost:** Gives Trunks a speed boost in his current direction.
- **Repel:** Redirects enemy creatures away.
- **Stun:** Immobilises all visible enemy creatures.
- **Magnut:** Attracts all surrounding peanuts.
- **Relive:** Grants another chance at life.
- **Tank:** Refills the air meter to maximum.

BACKGROUND

Diving Trunks is the result of a private game jam contest combining the theme of 'underwater' and item 'elephant'. The initial game idea grew and has been further developed over a year with a multitude of features and content, such as additional game modes, effects, and original music by first-time composer Tom Hines.

Fun times.. I really like it.. Game is thy best Football Mogul Simulator type game I have ever played and I think I have played them all. A+++ on a job wel done. Please sir may I have another ?. i like boobs

World 1-1 is a decent full-length feature documentary that roughly covers the beginning of video games through the mid-80s gaming crash (just before the NES came on the scene). It is comprised of a series of interviews that you have probably seen in other gaming documentaries, already, but presented in a less douchebros hipster format.. I played this as a kid after Warcraft and C&C (Not WoW, not Red Alert). This was the game my hours were poured into before I was exposed to Civ II. Well worth the price, just for the gameplay.. Tons of fun! Coming from a lot of Marble Blast Ultra, it felt like a very stylish version of it with tons of customization and unique levels.

Even in early access, it's worth the purchase. Two more sectors on the way, devs that are on top of the community, and if everything they promise gets delivered, it'll only get better from here.. peace of♥♥♥♥♥♥ if someone wants game add me i will give.. I enjoyed this game, for a time, but it's horribly buggy and has a ton of balancing issues that make the mid to endgame a slog. The game's been abandoned for- oh look at that! Over a year.

Don't buy.. I would write a review but i'd have to buy a license for that..... Make the golems bigger please and add ragdoll deaths. Easily the best American Football simulator in the world. Great multiplayer leagues and single player experiences. Been a dedicated fan for almost 15 years.. Wow...

This game is amazing. Even though it's short, the story is still amazing and the music is so good
